

Pigment Ink Prints

This is the finest form of digital printing available today. It provides superb color rendition, 100-plus year print permanence and can be used on a wide choice of papers. Pigment Ink Prints are very versatile and can produce images that are hard with strong contrast, soft and velvety, or can manifest a multitude of other characteristics depending on the paper choice. Some images work best when printed with one kind of paper; some respond beautifully on a variety of papers. We can help you select the best support to fulfill your vision.

Brooklyn Printworks provides three service levels of Pigment Ink Prints:

1. **Commercial Prints:** A great value when your files only need only to be opened and printed. We provide a standard, quality material for commercial prints. There is a 20% discount for duplicate prints when ordered within 30 days of the first printing.
2. **Custom Prints:** This is our personal favorite. With Custom Prints, we have the opportunity to collaborate with you, working to create the best possible image to fulfill your vision. Included in this service are minor corrections, a test print and fine tuning of the file, and a final print on selected fine art papers. As with our commercial print service, there is a 20% discount for duplicate prints when ordered within 30 days of the first printing.
3. **Fine Art Premium Prints:** There are many fine papers available for Pigment Ink Prints, but a few papers are above the rest in quality. We always ensure that you leave with the highest level of archival print. This service includes custom testing as in our custom print service above.

Additional rounds of testing are provided at additional cost.

Premium Breakdown

Description	Upcharge
Extra test prints	+ 20%
Extra large test prints	+ 70%
Retouching	see retouching section
Flat boxing large prints	by quote

Example 1

20x24 Commercial Print: Open-and-print service on high quality RC paper. \$93 for the first print, \$75 each for duplicate.

Example 2

20x24 Custom Print: Includes minor adjustments made during soft proofing, one test print, a review, and final adjustments before printing. Image printed on premium paper. \$125 for the first print, \$80 each for duplicates.

Example 3

20x24 Fine Art Premium Print: Includes a test print on one of our premium papers. An additional round of testing may be requested for \$32. \$160 for the first print, \$160 each for duplicates.

Image capture is the first, and perhaps the most crucial, step in the digital imaging process. Our master staff can deliver an image capture of the highest possible fidelity from all types of images, whether film or print. We work with historical and damaged images for museums, as well as with all contemporary formats.

BPW provides four levels of scanning to meet the most common applications and will automatically generate lower resolution options at no additional cost.

Item	Description	Cost
Low-resolution scan	An economic choice when the image is only needed for previewing on a computer and will never be printed larger than four inches. (8 bit per RGB channel, 1-5MB TIFF or <1MB JPEG)	\$20
Mid-resolution scan	Our most popular option, this level is used when submitting images to stock agencies and when the file will never be printed larger than a standard page size. (8 bit per RGB channel, 40MB - 60MB TIFF)	\$60
High-resolution scan	This level meets most present and future uses. It can be used as a very good digital surrogate for your film original. (16 bit per RGB channel, 200MB - 450 MB TIFF)	\$100
Full-collection scanning projects	We specialize in working with cultural institutions on large scale scanning projects or outsourced, in-house imaging facilities. Please contact us directly to discuss your project.	On request
Digital Camera Copy	High-resolution 39 MegaPixel digital capture using best industry practices set by the Federal Agencies Digitization Guidelines Initiative.	\$280/hr.
Digital Camera Copy Oversize	Multiple capture of oversize artwork and stitching.	\$320/hr

Digital Consulting/Retouching

Beta-testers for an early version of Photoshop, we combine twenty years of experience in digital retouching with the latest best practices. BPW maintains the highest standards for all our clients, from museums and private collectors to commercial and fine-art photographers, as well as private individuals preserving family and personal photographs.

Description	Rate
Sr. Digital Consulting	\$900/day
Basic Retouching	\$90/hr. Min: \$23/15 mins.
Advanced Retouching	\$200/hr. Min: \$50/15 mins.

Archival Boxes/Packaging

Our standard packaging in polyethylene bags and cardboard is provided free of charge. If you intend to store your prints for an undetermined term, we recommend archival wrapping and archival boxes and tubes.

Special packaging can be provided when prints are being shipped or will be stored for any length of time.

Terms and Conditions

Scheduling:

The client must bear responsibility to schedule their work sufficiently ahead of their required completion date. The timetables we supply are non-negotiable.

Damage: BPW handles all work with great care, whether it is for a museum or a private client, for customer pick-up, or for shipping. Our staff is required to wear gloves when handling prints and is trained in proper packing for archival prints. In the unlikely event of damage as a result of improper interior packaging, handling, or shipping, we will gladly replace the work. BPW will not be held responsible for improper unwrapping and handling once the work has arrived at its destination or been picked up by the client or their designated agent.

Billing: An estimate is prepared for each project and accounts for the cost of the work requested. The estimate anticipates variable factors such as imaging, retouching and proofing, as may be required; the client will be advised when these variances occur. The Final Invoice may vary from the estimate, but any changes will have been previously discussed. A deposit of 50% of the estimate is required prior to beginning production. Upon completion of the project, the invoice balance must be paid in full prior to pick up, delivery, or shipping. Payment can be made by check drawn on a U.S. bank, money order, Visa, MasterCard or American Express. Net 30 terms on previously approved corporate or institutional purchases only.

Our basic prices are subject to change without notice. Projects involving large quantities or editions may qualify for discount pricing.

Sizing: We do our best to offer the greatest number of sizes so that you pay less for in between sizes versus other vendors. Sizing can be complicated so please take time to complete the sizing worksheet that can be worked forward or backward.
